

KS SCHOOL DISTRICT EDUCATION UPDATE 6-16-21

POLL METHODOLOGY

Results for these polls are based on automated telephone interviews conducted among a sample of active likely voters. Data for this survey research was collected by Victory Geek for Cor Strategies.

Interviews were conducted via a computer-assisted telephone interviewing system utilizing techniques designed to achieve the highest possible respondent cooperation. The surveys were conducted from Monday, June 7th through Saturday, June 12th. The margin of sampling error can be found in the below matrix. The margin of sampling error may be higher or lower for certain subgroups.

Sample Size & Margin of Error:

- Andover: 306 ±5.52
- Blue Valley: 515 ±4.29
- Goddard: 272 ±5.83
- Kansas City: 509 ±4.29
- Shawnee: 520 ±4.27
- Wichita: 551 ±4.15

Data is modeled in real-time as the interviews are conducted using our proprietary system, which determines interview targets based on weighted demographic information from the U.S. Census Bureau's Current Population Survey Voting and Registration Supplement. Data is sampled by using demographic information from current voting registration statistics as provided by the Kansas Secretary of State to construct sample target weights.

The Kansas Policy Institute paid for all costs associated with this survey.

KS School District Education Update - Script

Field Dates: Monday, June 7 – Saturday, June 12
