SECTION I

STATE STATISTICS

PROPERTY TAXATION STATEWIDE

The Kansas Statutes authorize local governments to levy property taxes. In addition to cities, townships, counties, schools, and local governments; also included are special districts such as hospitals, fire, cemeteries, watershed and libraries, etc.

Each of the 105 counties in the state of Kansas comprise a separate appraisal district, and each of these counties determine the appraised value of property located in their jurisdiction for ad valorem tax purposes. The appraisal process shall conform to generally accepted appraisal procedures which are adaptable to mass appraisal, and consistent with the definition of fair market value unless otherwise specified by law.

In 1985 Kansas Legislature enacted a law, K.S.A. 79-1476, that provided for a statewide reappraisal of all real estate with a completion date of January 1, 1989. Kansas voters passed a constitutional amendment in November 1986 establishing a classified property tax system with an implementation date of January 1, 1989. The “uniform and equal” system of assessment and taxation changed to a classified rate of market value as follows:

1989 - 1992

Real property classifications were:

Residential	12%
Vacant Lots	12%
Agricultural Use Value Land	30%
All Other Real Property	30%
Public Utility	30%

Personal property classifications were:

Mobile Homes (residential)	12%
Commercial and Industrial	20%
Mineral Leasehold Interests	30%
Motor Vehicles	30%
All Other Personal Property	30%
Public Utility (classed as PU Other)	30%

Merchants’ and manufacturers’ inventories and livestock properties became exempt.

In November 1992, the voters elected to implement another constitutional change to the classification system that became effective for the tax year of 1993. The classified rate of market value changed as follows:

1993

Real property classifications:

Residential	11.5%
Vacant Lots	12%
Agricultural Use Land	30%
Not-For-Profit (as specified by legislation)	12%
Commercial and Industrial	25%
Agricultural Improvements	25%
All Other Real Property	30%
Public Utility	33%

Personal property classifications:

Mobile Homes (residential)	11.5%
Mineral Leasehold Interests (determined by production)	25 or 30%
Motor Vehicles	30%
Commercial and Industrial Equipment	25%
Recreational Vehicles	30%
All Other Personal Property	30%
Public Utility (classed as PU Other)	33%

1995

Recreational vehicles are no longer subject to ad valorem taxes levied under law by the state of Kansas. The tax imposed as required by K.S.A. 79-5118 *et seq.* on recreational vehicles is based on the age and weight of the vehicle with the minimum tax of \$30 on a vehicle model year that is 1981 or older.

1998

Motor vehicles registering for a 16/20M tag are to be valued and taxed as required by K.S.A. 79-5101 *et seq.* removing them from the personal property roll.

2014

Boats, motors and trailers are now categorized as “Watercraft” changing the method of valuation and taxation pursuant to K.S.A. 2014 Supp. 79-5501. The assessment rate for tax year 2014 is 11.5% and for tax year 2015 and all years after, the assessment rate is 5%. The county average tax rate from the prior year is used to calculate the tax.

Legislation passed in 2013 (HB 2557) became effective on January 1, 2014 moving the Motor Carrier Over-the-Road vehicles and rolling equipment to a fee based schedule.

STATEWIDE PROPERTY TAXES REPORTED TAXING SUBDIVISIONS

The graph on the following page represents property taxes reported by county clerks as distributed to the state; counties; cities; townships; post-secondary schools; unified school districts (USD) and all other miscellaneous districts. The miscellaneous district category includes cemeteries; extension districts; libraries; fire districts; *recreation commissions; watersheds; sewer, et cetera.

In 1992, legislators passed the “School District Finance and Quality Performance Act”. The adoption of a new school finance formula resulted in a substantial reduction in property tax and increased the state aid pursuant to K.S.A. 72-6431. The mill levy for the general fund was set by statute rather than by school districts as shown in column (3) and is classified, in part, as the “local effort” portion of the school district finance and quality performance formula.

The USD’s general fund taxes were drastically reduced across the state because of the new school finance formula adopted by the legislators. The authorization to adopt a local option budget (LOB) by a USD as a supplement to the general fund was implemented in 1992 pursuant to K.S.A. 72-6433.

The 2015 Legislature repealed the “School District Finance and Quality Performance Act” enacting the block grant funding system (HSSB 7) to fund a school district’s general fund for the 2015-2016 and the 2016-2017 school years while the Legislature rewrites the school finance formula.

The *Statistical Report of Assessment and Taxation* now includes the valuation by USD that begins on page seven.

NEIGHBORHOOD REVITALIZATION ACT

K.S.A. 12-17,114 *et. seq.*

In 1994, Kansas Legislators passed SB 732, known as the Kansas Neighborhood Revitalization Act (NRA), which provides for property owners to receive tax rebates who make renovations or improvements to their property. Local governments are authorized to enter into interlocal agreements to offer tax rebates to eligible property owners. K.S.A. 12-17,119 states that any two or more municipalities may agree to participate in a revitalization plan.

K.S.A. 12-17,115 denotes the qualifications for an area to be eligible for neighborhood revitalization. Revitalization areas exist where dilapidation, deterioration, obsolescence and surroundings that endanger life or property by fire and other conditions are detrimental to public health, safety or welfare. Areas where there is a predominance of buildings or improvements, which by reason of age, history, architecture or significance may be identified as a revitalization area.

The content of a revitalization plan is described in K.S.A. 12-17,117. Plans must include the following criteria (not all-inclusive):

- legal description of the boundaries of the proposed area and a map depicting the existing parcels;
- assessed valuation, and a listing owners names and addresses in the proposed area;
- listing of zoning classification and district boundaries, and the existing and proposed land uses;
- proposals for improving or expanding municipal services with the area;
- a statement specifying if revitalization and rehabilitation apply to additions and/or new construction;
- the standards or criteria to be used when reviewing and approving applications for rebate;
- a statement specifying the maximum amount and years of eligibility for a rebate; and
- prior to adopting a plan, the governing body shall conduct a public hearing.

The criterion for determining what property qualifies for revitalization varies from plan to plan. The most common requirements in the plans are:

- building permits issued prior to submission of the application;
- taxes are paid in full;
- exclusion of properties with delinquent tax;
- total compliance with building codes; and
- exclusion of swimming pools, fences and parking lots.

The application period or timeframe of the established plans varies from two to ten years; and one plan to 20 years in duration. Several cities have adopted their own plan, expanding their revitalization areas. Plans have a rebate percentage of 100%, retaining 5% of the rebate for administrative costs. A number of plans begin with a 95% rebate decreasing the percentage to 10% until the program has expired. Additionally, several plans establish a different sliding scale for commercial properties. Historical renovations are generally receiving a 100% rebate.

WATERCRAFT

As defined pursuant to K.S.A. 2014 Supp. 79-5501

Legislation passed in 2013 and 2014 now defines “Watercraft” as any boat or vessel designed to be propelled by machinery, oars, paddles or wind action upon a sail for navigation on the water. Each watercraft may include one trailer that is designed to launch, retrieve, transport and store such watercraft and any nonelectric motor or motors that are necessary to operate such watercraft on the water. This definition change created the category of “Watercraft”; therefore, changing the method of valuation and taxation.

The county appraiser determines the market value of each watercraft as of January first of each year. The assessment rate of 11.5% was applicable for tax year 2014, and for tax year 2015 and all years after, the assessment rate is 5%.

The county average tax rate from the prior year is used to calculate the tax. There is a minimum tax of \$12 for watercraft. The county average tax rate is determined by dividing the total amount of general property taxes levied by the total assessed valuation of all taxable property within the county.

Beginning January 1, 2014, as enacted, the taxes for the category of “Watercraft” generated \$4,895,969 for the 2015 budget year. Previously, the taxes generated in the Boat/Marine and Trailer classification for budget year 2014 was \$10,609,313. Reference the valuations and tax comparisons for each county in Section III.

TABLE VIII

Distribution of Taxes Levied
November 1, 2021 for 2022 Expenditures

Intentionally left blank

**STATEWIDE - DISTRIBUTION of TAXES
FOR 2022 EXPENDITURES**

The information on these tables includes three types of taxes collected: (1) Ad Valorem Tax; (2) In Lieu of Tax (PILOT); and (3) Special Assessments.

Ad Valorem Tax

Column	1.	The general ad valorem tax levied.
Column	2.	The penalty tax noted is referencing the personal property late filing penalty tax that is imposed pursuant to K.S.A. 79-332a, 79-1422, and 79-1427a. Beginning with the 1994 tax year, the computation of tax levy rates could not include the amount of late filing penalty assessed valuation imposed on any personal property renditions, and oil and gas property renditions. Legislation passed in 2008 allows a penalty to be assessed against the public utilities for the late filing of renditions. The state assessed penalty tax shall not be included in the computation of tax levy rates.
Column	3.	After all levies are set by the county clerks for each taxing subdivision (district) in their county, the computation of the penalty tax takes place and becomes a part of the tax roll that is certified to the county treasurer for collection as noted in this column.

In Lieu of Tax

Column	4.	<i>Money & Credits (Intangible) Tax</i> is the locally assessed intangible tax imposed by counties, cities, and townships upon the gross earnings derived from money, notes and other evidence of debt having a tax situs in such county. The governing officials of such municipalities are authorized to adopt a resolution or pass an ordinance imposing the tax rate in the amount of 1/8 to 3/4 of 1% of the total gross earnings. All tax imposed and collected is credited to the general fund of the county, city or township levying the same. K.S.A. 12-1,101 and following.
Column	5.	This column does not appear on the abstract. The <i>Financial Institution tax law</i> was repealed by legislation effective January 1995. The tax assessed to such business is now established as an ad valorem personal property tax.
Column	6.	<i>Industrial Revenue Bond</i> property exempt from ad valorem tax pursuant to K.S.A. 79-201a <i>Second</i> in lieu of tax collections are distributed according to the agreement that was filed with the city or county.
Column	7.	<i>Economic Development Bond</i> property exempt from ad valorem tax pursuant to the Kansas Constitution Section 13 of Article 11, in lieu of tax collections are distributed according to the agreement that was filed with the city or county.
Column	8.	<i>All Other</i> tax includes municipal housing payments pursuant to K.S.A. 17-2349; agreements with the United States pursuant to K.S.A. Chapter 27, Article 2 and agreements made by tax subdivisions with owners of tax exempt property pursuant to K.S.A. 12-147, 148 and windfarms.
Column	9.	The total <i>In lieu of Tax</i> collected and reported as distributed in columns 4 through 8.
